Sir:

This communication is responsive to the non-final Office Action dated December 22, 2005, concerning the above-referenced patent application.

**Amendments to the Claims** are reflected in the listing of claims which begins on page 2 of this document. In the Office Action, it was noted that the status of Claim 1 was unclear. The listing of claims below clarifies the present status of the claims and, to that end, replaces prior listings of the claims. The Examiner's comments in this respect are appreciated.

**Remarks/Arguments** begin on page 7 of this document.
